# RADIOTHERAPY

## AND ME

### World Radiography Day Spotlight

This artwork is from Radiotherapy and Me, a guide created to help patients better understand radiotherapy and the key medical terms associated with brain tumours. It encourages you to take your time, ask questions, and seek support from healthcare professionals throughout your treatment journey. The guide was produced in collaboration with artist and radiotherapy professional **Sarah Smizz Smith** and **Brainstrust**, the brain tumour charity, with input from young people who have experienced radiotherapy for their brain tumours. Scan the QR code to learn more about the charity.

# THE POWER OF THE UNSEEN
