WHAT IS THE ANNUAL DELEGATES CONFERENCE (ADC)?

- ▶ **Annual conference held by the Society of Radiographers.**
 - ▶ **Gives members the opportunity to put forward their opinions and influence the work of the society, as well as raising awareness of global issues.**
 - ▶ **Motions are debated and if carried, form the basis of the SoR work for the next year.**
- 

Who can attend ?

- **Any member of the Society of Radiographers can attend.**
 - **Delegation is usually made up from Scottish Reps Forum and Scottish Council members.**
 - **A Delegate lead is appointed and they have the responsibility for collating and submitting the motions prior to the conference. They also have the monumental task of keeping the delegation informed and briefed on the format of proceedings**
- 

What is a motion ?

- ▶ **A motion sets out what the proposer sees as an issue and clearly defines what they wish to be done about it.**
 - ▶ **A motion should give a clear indication of why it is felt that action is needed**
 - ▶ **It should be no more than 250 words.**
 - ▶ **Once the motion has been accepted a speech is then prepared to support the motion and is delivered by a delegate at the conference**
- 

Who can submit a motion ?

Anyone can submit a motion, however it is essential that the person presenting the motion understands what it is about and what is being asked for to ensure that the motion has the best chance of being carried.
